### **Terms & Conditions**

- We will be taking 8 teams from 8 universities, each team comprising 3 members for Capture the Flag Competition and the Debate Competition.
- The final eight teams will be selected on a first come first served basis. “The early bird gets the worm.”
- The judge’s decision will be final.
- Attractive Prices for the winning teams.

### **Capture the Flag Competition (CTF)**

- The Eight teams will be competing from 8 universities, each team comprising 3 members.
- The Teams are required to bring their own laptops equipped with the relevant tools for CTF Competition.
- OREL will provide internet connectivity and the CTF platform for the CTF Competition.
- During the CTF competition, the participants will have the opportunity to tackle challenges in the following areas:
  - Web Application Security
  - Cryptography
  - Network Security
  - Steganography
  - Forensics
  - Pwn (Capture the Flag)
  -
- The CTF challenge offers a platform for teams to showcase their cybersecurity talents and compete on a national stage.

## **Debate Competition**

- Eight teams will be competing from 8 universities, each team comprising 3 members.
- Each team needs to get ready with the given 7 topics below:
  1. Is the Cloud really green?
  2. We must have Cloud for AI.
  3. The Cloud is safer than my server room.
  4. Software Defined Everything is the future.
  5. Security and Availability are more Important than Sovereignty.
  6. Cyber warfare will become worse than conventional warfare.
  7. Should Banks go to the Cloud?
- The Final topic will be decided by the panel of judges for the Opposing and Proposing Teams.
- There will be a round robin, semi finals and finals.
